PROJECT IQ

Turning data into decisions instantly

Turn Data into Decisions, instantly

Project IQ is a bespoke Power BI dashboard service designed to help you visualise, explore, and analyse your data like never before. We transform complex data into clear, actionable insights through real-time reporting and fully customisable views, so you can make smarter decisions, faster.

Key Capabilities

✳️ **Bespoke Dashboard Design**

Custom-built Power BI dashboards aligned to your KPIs, workflows, and audiences.

✳️ **Real-Time Reporting**

Live data connections ensure you're always working with the most up-to-date information.

✳️ **Customisable Views**

Filter, drill down, and personalise views by role, department, or priority.

✳️ **Advanced Data Visualisation**

Clear, interactive visuals that reveal trends, risks, and opportunities at a glance.

✳️ **Scalable & Secure**

Designed to grow with your data, while respecting governance and security best practices.

SDS

The Value You Get

* Faster, data-driven decision-making
* One source of truth across teams
* Reduced manual reporting and spreadsheets
* Improved visibility into performance and outcomes
* Insights that are easy to understand—and act on

Who It's For

Leadership teams needing high-level performance insights.

Project and operations managers tracking delivery and efficiency.

Finance, sales, and commercial teams analysing trends and forecasts.

Any organisation ready to unlock more value from its data.

How It Works

1 Discover

We understand your data, objectives, and success metrics

2 Design

We create intuitive dashboard concepts tailored to your needs

3 Build

We develop robust Power BI dashboards with live data connections

4 Enable

We hand over with guidance so your team gets value immediately
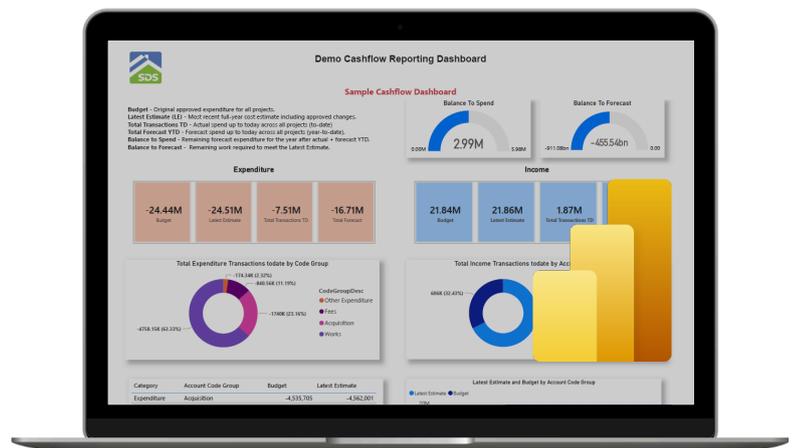

SDS

Why Project IQ?

Because insight shouldn't be delayed, buried, or confusing. Project IQ cuts through the noise and turns your data into a powerful decision-making tool.
